

Ouachita Parish Sheriff's Office Corrections Division

2017 Annual PREA Report

BACKGROUND

The Prison Rape Elimination Act (PREA) was passed by Congress and signed into law by President George W. Bush in 2003 to prevent, detect, and respond to sexual abuse that occurs in confinement settings. The National Prison Rape Elimination Commission developed national standards for reducing prison rape, which became final on June 20, 2012, when they were published by the Department of Justice (D.O.J.) in the Federal Register. PREA applies to adult prisons and jails, juvenile confinement facilities, lockups, and community confinement facilities.

Implementation of the PREA Standards in combating sexual abuse in confinement facilities will be contingent upon effective agency and facility leadership, and the development of an agency's principles prioritizing efforts to combat sexual abuse. The prevention of rape, sexual assault, or sexual misconduct is a top priority for the Ouachita Parish Sheriff's Office. We have a zero tolerance for any incidence of the Prison Rape Elimination Act (PREA) of 2003.

APPROACH

The Ouachita Parish Sheriff's Office Corrections Division has long supported the principles associated with the Prison Rape Elimination Act of 2003. Respectively, years before the passing of the PREA guidelines, the Ouachita Parish Sheriff's Office strictly enforced a zero tolerance policy of sexual misconduct within its' facilities for all staff, offenders, volunteers, and contractors; implemented methods of screening all offenders at intake for potential sexual victimization or predatory indicators; and has had policies to ensure that incidents of sexual assaults were investigated and prosecuted in accordance with federal and state laws.

Since the new PREA guidelines were established, the Ouachita Parish Sheriff's Office has updated departmental policies and implemented new ones in an effort to maintain compliance with all aspect of the federal standards. Some of the new changes include: required annual mandatory sexual misconduct training to all staff, volunteers, and contractors, specific to the prevention, identification, reporting, and handling of offender sexual misconduct/sexual assault, including common indicators of misconduct; revised policies relating to sexual abuse and misconduct; created a PREA Coordinator position to further develop, implement, and oversee our efforts to comply with the new PREA standards. Furthermore, OPSO has given offenders access to an external PREA Hotline as an independent outlet to report incidents of sexual abuse and receive advocacy support that is equal to that available to the community.

DEFINITIONS

Once a report of sexual abuse has been investigated, the incident will be assigned a number and the disposition will be documented on an Ouachita Parish Corrections Division Report and classified using one of the following findings:

Substantiated: Allegation investigated and the investigation indicated that the alleged event did occur.

Unsubstantiated: Allegation investigated and insufficient evidence to make a determination as to whether or not event occurred.

Unfounded: Allegation is investigated and investigation indicated alleged event did not occur.

Ongoing/Pending: Investigation is ongoing.

The Ouachita Parish Corrections Division defines sexual abuse, sexual misconduct, and sexual harassment as the following:

 - ab. **Sexual Harassment:** Repeated verbal comments or gestures of a sexual nature to an offender by a staff member, official visitor, volunteer, or other agency representative, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

PREA ACTIVITY REPORT

Offenders may confidentially disclose incidents of sexual abuse and sexual harassment to any staff member, either verbally, in writing, or by calling the 24 hour Sexual Assault Center Hotline or *511 (OCC) from any of the phones located in the offender housing units. This process allows for the confidential reporting by offenders 24 hours per day, 7 days a week. Administrative investigation shall be completed no later than 90 days of the initial filing of a complaint or grievance; or within 5 days of filing an emergency grievance.

PREA was officially instituted for all OPSO facilities on November 14, 2016. A report for 2016 was not available due to only two months' worth of data collection. November and December's data for 2016 was added to the 2017 report to reflect a full year's worth of data.

ASSESSMENT

After reviewing all of PREA incidents reported between November 14, 2016 and December 31, 2017, it was determined that there are no changes in policies or procedures needed. There were no physical barriers identified that were not supplemented by video surveillance or security checks and staffing levels were determined to be adequate. The Corrections Division is taking steps to provide more training to staff on investigations specifically related to PREA and encourages staff to interact with and educate offenders on how to prevent sexual abuse. The Ouachita Parish Sheriff's Office will continue to make appropriate changes where necessary to ensure a safe, secure environment for offenders, staff, and the community.
